

THE ALL-NEW REVIVE

REMOTE *Reel*

With an exceptionally low centre of gravity; the all-new Revive Remote Reel offers unrivalled stability and traction on even the most challenging terrain.

THE ALL-NEW REVIVE

REMOTE *Reel*

JCB HTD-5 chassis

Utilising the HTD-5 chassis. A compact, diesel-powered, high-tip, JCB mini dumpster.

150m jetting hose

1" thermoplastic, HP jetting hose with a durable, abrasion-resistant cover.

Compact design

The unit's narrow width enables easy access through a standard house door.

Two-speed tracking

Higher speed setting for travelling across site. Lower speed for added control.

One-year warranty

HTD-5 chassis covered at all UK JCB outlets. All major parts covered by Acumec.

Diesel-electric start

Ensuring optimal safety for the operator.
